DEAR TRAVELER

When the last glaciers melted more than ten thousand years ago, they left behind a fabulous legacy: the Great Lakes. Over the centuries, these huge inland seas—which contain more than one-fifth of the world’s standing fresh water—have fascinated humankind. Voyageurs and homesteaders, poets and storytellers, missionaries and mapmakers, Native Americans and pioneers have all been drawn to the timeless beauty of the region.

From the magnificent spectacle of Niagara Falls, to Mackinac Island’s Victorian charm. From rolling dunes and grand vistas, to miles of white sand beaches. From emerald green forests, to blazing sunsets that turn the watery horizon to flame, the journey awaits.

On behalf of our company, I invite you to experience a magnificent Great Lakes cruise. As the only travel company in the world to specialize in Great Lakes cruises, we offer unforgettable adventures on these legendary waters. 2017 marks our 19th cruise season and we are representing more ships than ever, sailing a variety of exciting itineraries. Each distinctive cruise ship offers a relaxing and friendly atmosphere, delightful accommodations and impeccable service. Carefully selected enrichment lecturers and expert tour guides will add to your enjoyment, as you explore fascinating ports and absorb the breathtaking scenery.

We look forward to having you aboard a Great Lakes cruise!

Sincerely,

Chris Conlin

UNIQUE FEATURES

BYOB Policy
Go ahead - bring your own bottle! Blount is one of the few cruise lines in the world that has a “Bring Your Own Bottle” liquor policy. Mixers, ice, snacks, refrigeration, and storage are provided around the clock in the lounge where guests can help themselves. Guests love this unusual arrangement which reduces on-board expenses usually associated with cruising.

Retractable Pilot House
Blount Ships have been built with the purpose of bringing travelers to places that larger ships simply cannot go, the retractable pilot house, with patented designs allow the ships to slip, with inches to spare, under the lowest bridges or a canal, and fit through tight transit locks.

Bow Landing & Shallow Draft
Disembark directly from the ship’s bow onto secluded ports in remote locales. The shallow draft allows the ships to dock with the yachts, avoiding long lines and tourist traps. Amazingly, after years of perfecting the design, all of the ships in the fleet have drafts of less than seven feet. Because of this, the ships can clear obstacles that would stop other ships in their tracks.

The five-star expedition ship combines adventure with excellent comfort. This provides the perfect setting for your extraordinary expedition routes with special facilities and many special on-board details - from the ship's furnishings to the first-class service provided by the crew. The inspiration boasts top-of-the-line amenities, more open deck space than on any other expedition ship and a variety of services unique to the ship. You will enjoy plenty of freedom – be it in the stylish cabins and suites, the exquisite selection of culinary delights or the many unforgettable expedition moments. Enjoy your own personal expedition, spellbound by the fascinating view of the Great Lakes.

Like an eighth world ocean in the forests of North America, the Great Lakes are a natural paradise that the HANSEATIC inspiration will visit in style.

Toronto, ON: Your expedition will begin with nautical masterpieces that most ships cannot navigate. The HANSEATIC inspiration, negotiates the eight locks of the Welland Canal with ease on the journey from Toronto via Lake Ontario.

Windsor, ON: Welcome to the historic industrial city of Windsor. From here, you continue to Detroit.

Tobermory, ON: Reflecting this tranquil idyll, shops around the picturesque harbour invite you to while away the time, and a glass-bottom boat offers an unusual perspective on the lake landscape.

Parry Sound, ON: Parry Sound – a wonderful place that is ideal for exploring the little beaches along the lake’s shore. Look forward to spellbinding views on the boat trip to the 30,000 islands: passing imposing limestone cliffs, narrow channels lead to hidden natural treasures.

Little Current, ON: Little Current exudes maritime charm with its rows of white boats. Be impressed by the tradition and culture of the Ojibwe at a
powwow in M’Chigeeng: adorned with feather headdresses and war paint, the indigenous people dance to the sound of drums.

Sault Sainte Marie, MI: In Sault Ste. Marie stars and stripes meet the maple leaf: a bridge connects the city’s American and Canadian sides, and you can explore the historic buildings in detail. Untouched wilderness greets you on the scenic journey/train ride to Agawa Canyon: the dense green of the forests stretches as far as the eye can see, carpeting the mountains.

Thunder Bay, WI: This enchanting section of coastline inviting you on adventures in the surrounding area: on a scenic journey to Ouimet Canyon and Eagle Canyon, experience dizzying moments as you walk across Canada’s longest suspension bridge.

Duluth, MN: On the shores of the world’s largest freshwater lake, Duluth greets you with Scandinavian charm. In addition to this cultural heritage, look forward to stunning views of Gooseberry Falls and the Split Rock Lighthouse.

Mackinac Island, MI: Explore the car-free island at your own pace on a bicycle or in a horse-drawn carriage before the former Fort Mackinac provides a unique view of the island.

Traverse City, MI: In Traverse City on Lake Michigan, surrender to the Victorian charm of the “jewel of the north”. The Sleeping Bear Dunes are a unique natural spectacle. On the Old Mission Peninsula on Michigan’s wine coast, the fertile ground produces the exquisite Chateau Chantal – the perfect end to this extraordinary journey.

Chicago, IL: Your journey will end with a warm farewell in the Windy City.
